"The Force of Nature" is a dramatic new sculpture by international artist Lorenzo Quinn. The sculpture symbolises humanity's bond to Mother Earth and our need to respect nature. It is debuting in the gardens of Blu, the exclusive new development in vibrant Worli. With just 250 families sharing ten acres of state-of-the-art facilities and beautifully landscaped gardens, Blu will be an oasis of privacy, serenity, art and nature in the very heart of Mumbai.
